- **Do you want to optimize your strength training?**
- **No time for a healthy breakfast?**

Proteins are essential nutrients for the proper functioning of our body. They are the main component of our muscles but also have other important functions, for example, in our immune system.

WHAT PRO-TF CHOCOLATE OFFERS

- The protein sources —i.e. whey and egg white protein— of PRO-TF provide a good balance of essential amino acids and 4.72 g of branched chain amino acids (BCAAs) —i.e. isoleucine, leucine, and valine—.
- Hydrolyzed proteins are high absorption proteins, which are easy to digest.
- The low fat and sugar content of this product makes it compatible with diets for athletes and for weight control.
